

Enhance Your Exterior

With Brick Pavers from Superior Brick Paver Installations, Inc.

Interlocking pavers can add lasting value to your property while providing a beautiful, functional area for outdoor use and enjoyment.

Interlocking pavers are perfect for any home or business. They come in a variety of shapes and colors and can last a lifetime. Unlike concrete, if any installed pavers crack or break, only the damaged ones need to be replaced. If your concrete driveway, walkway or pool deck requires repair, most likely the entire area will need to be re-done, costing you more money.

Superior Brick Paver Installations, Inc. specializes in driveways, walkways, patios, pool decks and retaining walls. Depending on your requirements, either thick or thin pavers can be installed. Their beautiful, customized paver installations are truly superior in design and quality, beautifying your home or business and surroundings.

Most property owners are surprised at

how affordable brick pavers are, especially when they factor in the value pavers add to your property. Giving your home or business a polished look with brick pavers won't break the bank, but will look like it did!

Superior Brick Pavers provides quality product, speed and accuracy of installation, and impeccable clean-up. They know you want a company that is dependable, professional, honest and has extensive experience to

work at your home or business. Kent Falby, owner/operator, oversees all jobs and has over 28 years experience installing pavers, has been serving Tampa Bay for more than 13 years, is a member of the Better Business Bureau with a flawless record, and is listed on Angie's List. Kent's attention to detail, extensive knowledge and natural skill for installing brick pavers, sets the company apart from the rest. More importantly, they are licensed and insured. Please call (813) 926-6504 to visit their 7,000 sq. ft. showroom located on SR. 54 in Odessa. □
