

Testimonials

I had Superior Brick Pavers lay a brick-paver driveway at our home. I thought the job went very well and would recommend them to others. They did excellent work, were very responsive during the entire construction project, the job went very quickly and the employees were very professional. Julie Boyd- Tampa, FL January 22, 2012

Kent,
Your team did a wonderful job on our project. Between your skilled oversight, Kasey's project management (and labor), the Crew's attention to detail, creative installation, and Chris's follow-up work, you have a formula that really works. We couldn't be more pleased.
David & Mary Jane Cleworth, January 16, 2012.

My wife and I would like to express our appreciation to you, Kent and his crew for such an outstanding/professional job your company did on our new driveway/walkway/entry. We are very pleased with the outcome! We would also like you to know how professional Chris was in handling the sealing process. Not just the work he did but the person he is as well. It has been such a pleasure to do business with you and Kent, Superior Brick Paver Installation, Inc.!
Woody & Gay Turner, Odessa, FL. October 2011

Kent came out for an estimate, once decided we went to the showroom to pick our pavers & pay the deposit, and then the pavers were installed. This was an expensive project but we are happy with the results! Kent & Jennifer were knowledgeable & professional. Their proposal was the lower of the two we got and included an Angie's List discount. We made an appt to meet Jennifer at the showroom to pick out the color & style of the pavers and then they were ordered. Installation took longer than we would have liked--we had storms everyday & I know they got behind. Plus, I would prefer to use a company who is busy rather than one with no customers. But, the guys showed up when they were supposed to and Kent visited often to oversee. Keep in mind: it is a loud & dusty project! They cleaned up the best they could and even pressure washed twice--once prior to sealing.

We felt like they did appreciate our business--even received a thank you card! Overall we were very happy with Superior Pavers and have recommended them to friends already! Heather Turner, Tampa, FL 33625, August 2011

The Pavers cover roughly a 20'x40' area off our back porch, with a 9'x10' section to the side that serves as a space to walk out on once we put a screened cage up. A concrete footer was poured first, since we plan on putting up a screened cage later on when we can afford it. A couple days later, a different crew came out to put the pavers down. They did the dirt removal, prep work and laying down of pavers all in one day! During the process, they needed to take a section of fence down to get in & out of the backyard. They also needed to remove the gate. When they put those back, they were stronger and more secure than before! There was also a section on either side of our gate that we wanted pavers on, but we didn't know if we would have enough pavers leftover. Well we did, and they put that and a nice platform for our rain barrel. Mind you, that was never even included in the original estimate. They did this extra area and it exceeded our expectations!

To be honest, we had lined up several companies for estimates, but once we started working with Superior to pick paver colors and ask all the initial questions, we knew they were the one. Superior just put us at ease throughout the entire process. Not to mention they blew away the competitors with their pricing. Our neighbors love our new pavers, and two of them have since called Superior out to get estimates of their own! Overall, I can't say enough good things about Superior Brick Pavers. They are just good people, professional, courteous and really good at what they do. Thanks Kent, Jennifer & crew!!!! The pavers look awesome! Paul Emus, Tampa, FL Sept. 2011

Kent came and gave us estimate for paver sealing. The work was done, done well, and done quickly. I will use them again for this service in the future as needed. Anthony Ishak, Tampa, FL. Job done, April 2011

Thank you for the beautiful work you did with the installation of pavers around our home. We are very satisfied with the workmanship and results. We would like to apologize for not returning your phone calls during the installation process. Due to an accident of a fall in the home, and 5 days in the hospital for a broken shoulder, we were unable to get back with you. We have received a lot of comments on how nice everything looks and would recommend your company to anyone. Thank you again. Mr. & Mrs. Jiran, Spring Hill, August 2011

Patricia and I also wish to show our appreciation for a job well done on the replacement of the driveway with the recent brick paver installation on July 13, 2011. The crew tackled the work early in the AM in a very efficient and coordinated way. They obviously knew what they were doing. They were very obliging in adjusting the location of the sprinkler heads to allow for appropriate space on the paver installation and by the end of the day had confidently transformed with ease the appearance of the driveway to a very artful splendid appearance. Before completing the work early the following morning the crew meticulously cleaned up the front property by picking up all debris, pressure washing the front entrance and garage door area because of the dust involved in cutting the made to measure bricks. Furthermore, the crew was very accommodating in that they finished off by pressure cleaning the street and leaving the work area spotless much to the appreciation of my immediate neighbors. The driveway was sealed the next day... and the end product also made for excellent comments from my neighbors on a job well done.

Again, we are very appreciative to Superior Brick Paver Installations Inc. and its people for the quickness of your excellent/professional work and tidiness afterwards... God Bless... July 2011 Paul & Patricia, Spring Hill, FL

Kent & Jennifer: We would like to express our total satisfaction and we love our new deck. We also want to thank Kasey and the crew. At times it seemed like there were 8 people working, not 5! They were polite and hard working. We are very pleased with the project. Again, thank you so much. July 2011 Claire & Lloyd Evans, Land O'Lakes FL.

When we decided to have a paver driveway installed, we interviewed 4 contractors. As we went through the bidding process, the bottom line is always price to product ratio for me. The contractors we considered offered fewer products for more money. I am sure we made the best choice with Superior Brick Pavers. Great product and reasonable price. Kent did what he said and more. He even installed a conduit pipe I supplied for my irrigation and electrical. Great service and can do attitude. Superior Brick Pavers is our superior recommendation.

Stupendous job! Thank You! June 2011, Nate & Debbie - Land O Lakes FL

I had my concrete driveway removed and a new brick paver driveway installed. In addition, they did pavers on my front sidewalk and porch. I also had a lovely garden paver walkway added to my backyard. Everything was done in the most professional manner and all within a one day timeline! It looks beautiful and I have received many compliments. Kent came out and gave me an estimate and suggestions especially for my backyard. He was extremely professional and polite and emailed me a written estimate with a breakdown of sections to be done. In addition he offered to let me reclaim some old pavers reset in my concrete driveway and to remove and place my flagstone walkway in another area.

Jennifer spent a great deal of time with me helping me select a pattern and color for my project. Their huge display in their yard made it so easy to visualize the project. I ended up in the hospital the week the project was scheduled for. Kent was able to reschedule it for my return home. The entire project was done in one day a great relief. The following week they came back out to put a sealer over the entire surface. It was the best and easiest part of my repair after sinkhole stabilization. Janice Sternal, June 2011, New Port Richey, FL 34655

Thank you so much for the fine job your crew did at my home. The pavers are beautiful and really make an impression when you come up my front walkway! I also appreciate your willingness to work with us and provide options for us to choose the best design for our budget. The crew was skilled and cleaned up after the job beautifully.
May 5, 2011, Marty & Deb Gonzalez

Kent, they just finished the pool deck, all I can say is wow. Your team was great and fast too, 600 sq. Ft. in one day as promised. I felt confident in your company from day one and will be telling all my friends who did the great job saving my backyard. Thank you for squeezing me in this week, amazing job. April 27, 2011 James Griffith.

Superior removed the old cement driveway as well as our brick and cement steps to front door. Then they laid pavers to create a parking area, sidewalk around the side, and built a beautiful front porch. The pavers are beautiful, and we

have had no problem with them- the drainage is correct, and they applied cement all around the edges to hold the pavers together. We met Kent at the showroom; he showed us all the choices and provided advice about which would be best for us. The crew arrived very early, completed the job in 2 days, and left everything clean.

Yvette Cook, Submitted April 2011. Job completed October 2010

Hi Jennifer, hope all is well. If I may say, I am EXTREMELY happy with the job AND results. I will be sure to recommend you to anyone I know who is doing any work. I was amazed that it only took 2 days to have the work done. That was a huge project! Thanks so much to Kent and you for making us the envy of our neighborhood, even though that was not the intent.

Brian Neary April 16, 2011

The pavers are beautiful. The design is not exactly as I envisioned because of the constraints imposed by city codes, but the improvement to the appearance of the property is amazing. Even the inside of the house is brightened by the sun reflecting from the lighter hardscape. The ultimate advantage is being able to use my power chair throughout the entire yard without getting stuck in the sand.

Thank you again for everything you did to make this happen. Jeananne Neary, April 18, 2011

Dear Jennifer, Kent and Crew

Thanks for another fantastic job. You guys are awesome. Grace & Christian Bailey, April 14, 2011

Superior Brick Pavers installed pavers on our back porch, a front porch, and a walkway. My experience couldn't have been better. Superior Brick Pavers did a beautiful job, and they were done within three and half hours. I was not only impressed with their speed, but also the quality of their workmanship. I received three separate bids for this project, and they were the least expensive. I felt very comfortable with the owner throughout the entire process.

Nelson Suarez, April 14, 2011

Thank you for installing our beautiful pavers on our patio. They exceed our expectations. Kent was on site all the time to take care of a few problems that popped up. The men worked from 8AM to 8PM getting the job done. When they were finished they cleaned up like you did not know they had been here. We will be glad to recommend Superior Brick Pavers to anyone we know. Thanks again.

Bob C., April 5, 2011

Thanks again - the job was done very efficiently, professionally, and cleanly I might add. Thank you for taking care of the several little things around the pool deck as well. A very well done job as I expected, plus I think some of my neighbors may be calling you as well.

Dave Thompson, DMD, March 7, 2011

Superior Brick Pavers removed pavers and old drainage system, repacked underlayment layer with crushed concrete and reset pavers after leveling ground properly and set a new drainage system.

Our pool deck was installed in 2006 with the pool installation. Over the past two years several areas were starting to sag, and the drainage system was easily overwhelmed by heavy rains. The company inspected our pool area, and showed how the pavers were installed improperly, with the fall to the drains being uneven and the drains having high points, all of which contributed to the water problem. They came out a week later and uninstalled about 50% of our deck, where they found in some areas the builder hadn't even put crushed concrete under the pavers- some areas were just dirt. They dug out the extra dirt, added the concrete, compacted everything and then set the pavers and new, wider drains with removable screens. They then cleaned everything up, including power washing the powder off of our lanai screens. The team worked all day and had it done in one day. Despite all the mess they did a good job of keeping excess dust and debris out of the pool and then helped us move the heavier plants back into place around the pool. They then arranged for someone to come out the next day and re-drill holes for our safety fence. The deck looks much better and surely will handle water runoff better - so far it hasn't really rained since they fixed the deck so don't have a definitive proof of that yet. Max & Teri Sobel, Wesley Chapel, FL 33544, February 08, 2011

We hired Superior Brick Pavers to expand our driveway and create a patio behind our home. It looks fantastic. About a month after the job was done, we noticed a problem with water coming up from underneath the driveway and shifting the pavers in one area. Apparently, during the excavation of the old concrete driveway, an irrigation pipe deep below the ground had cracked without anybody knowing it. When we told Superior about the problem, they sent out a crew to dig up that part of the driveway, fix the pipe, and reset the pavers. They even re-sanded the whole driveway and redid the concrete edge. Problem fixed, and looking great! Thanks! It's great to see a company with

such wonderful integrity, that even after they've been paid, they stand by their work and make everything right with a cheerful attitude. I would definitely recommend them. Mark & Kristen Haddad, Tampa, FL. February 2011

Hi Jennifer & Kent,
My wife and I can't thank you and your outstanding crew enough for the beautiful job that was done on our 50 year old house! We are the envy of our neighborhood and just about all those that drive by stop and say how good it looks. I think I've given your number to at least half a dozen people in 2 days. Kent and his crew worked harder than any construction group I have ever dealt with. They were here on time and finished with great speed and accuracy. They all are true craftsmen. Barry Wright, Tampa, FL. January 21, 2011

Hi Kent and Jennifer,
Want to thank you for such a good job on the pavers and for doing all the work in one day. I've had many comments from neighbors who are really impressed with the appearance. It was helpful to be able to visit your showroom and actually see some large areas that were paved. Help's a lot in choosing colors and design.
Once again, thanks for a job well done! Dorothy, Lutz Florida, November 2010

We absolutely LOVE our new patios and driveway! From Kent's design suggestions to Jennifer's help with selecting pavers to the professionalism of their staff, overall a wonderful experience. Very impressed with how there hardly a trace was left behind of all the work that had been done. I would highly recommend Superior Brick Pavers to anyone in need of having paver work done. Wendy Casale, Tampa, FL Oct. 2010
After contacting several Brick Paver companies in the area, I am extremely glad I chose Superior Brick Pavers, the choice was easy. They were the only ones to get back in a timely manner and give me a formal written proposal. Working with Kent and Jennifer was truly a pleasure; they are very knowledgeable and passionate about what they do. Don't hesitate to work with this company as they truly live up to their name.
I would be glad to recommend them and happy to answer any questions prospective buyers may have on their behalf.
Brian S. Skyflower Ct. Land O'Lakes. October 14, 2010

We just wanted to write a quick note to say how thrilled we are with our new pavers. They gave our home a total makeover. We've had many neighbors and friends comment on how awesome the driveway and pool area now look. We were pleased with every step of the process. Your entire crew was very professional, worked quickly and cleaned up along the way. **Even the county inspector mentioned it was one of the best jobs he's seen in a while.**

We will definitely recommend you and Superior Brick Pavers to any and all that ask about our paver projects.

Thanks again for helping us make our home into a "Staycation" destination.
Megan and Greg Cagle, Tampa, FL October 2010

After having our home severely damaged by a sink hole needing to have our pool and deck repaired along with damage to almost every room in our home, we made a choice to not have the cool deck repaired but to go with pavers on our pool deck, lanai, drive and front walk way. We had repaired the cool deck before we knew we had a sink hole and didn't want to risk seeing another third application of cool deck become cracked.

I was concerned about the pavers being hot under foot around our pool with granddaughters that are 2 and 4 years old with tender northern feet. We went to look at the vendor suggested by the company undertaking our home repairs, Superior Pavers in Pasco County. We went on a hot summer day and took our shoes off and started looking at and walking on the colors that would go with our home. We selected a large paver as we didn't want the small brick effect on the pool area and lanai.

When it came time for the work on the pool deck and lanai, which was the first area to be repaired, we were surprised when a crew of at least 5 guys arrived and swarmed over the space. Within a day they had the job done. Our pool and spa coping and the deck with two walk out areas to the yard were done and surpassed our expectation for beauty and comfort in the hot sun. Almost two months later we were ready for the drive, which fronts a three car garage, front walk and entry to our home to be completed. Again a team arrived and set to work early in the morning of the appointed day. By evening the entire job was finished, from removing the concrete, compacting the ground and underlay and putting the pavers down. The team worked seamlessly as they had on the back area. Later we had the entire surface sealed, and again this was accomplished in one day.

The team that came each time came with everything they needed. We never saw one item of theirs left behind and although we offered cool water through the day the coolers and drinks they had with them were plenty and they never needed our offers. Not one item was left behind, be it a cup or water, soda bottle or can. And the job is beautiful. The surface perfectly smooth, pavers are level with no area of unevenness. We had expected that each job would

take much longer. But it didn't. In fact we had a social gathering at our home for 23 people two days after the Lanai was finished. We are very pleased with all areas and find that our feet are comfortable be in on the pool deck or going to get the mail at the curb. Taking the time to walk the product in the sun did prove to insure that our choice is comfortable under our feet. Pavers have not only added value but great beauty with comfort to our home

Judy and Bill Thompson, 362 Forest Wood Ct, Spring Hill, FL 34609 October 2010

Jennifer

I just got home from work and saw the wall for the first time. Wow is all I can say. It exceeded my expectations! Please let Kent know how very happy I am with the wall. It was a pleasure working with you and Kent. I will recommend you to anyone who needs some work done.

Thanks again so much! Sue and Dean Scott, Valrico, FL. September 2010

Dear Kent and Jennifer,

We love our new pavers! We are collecting compliments right and left, so I would expect that our neighborhood will be seeing you return again and again. This was a huge project for us pool deck, new back walk and grilling patio, large driveway and front walk/entryway. The process went smoothly, quickly and was as painless as is possible when your driveway and front walk are completely removed.

Kent and his team worked so efficiently; it was amazing to watch the progress. Thank you for your guidance and suggestions (like changing the step into our entryway), and for your patience in answering all our questions before and during this renovation. Everyone we dealt with was polite and helpful.

Kent was great about coordinating with our landscape architect, landscaper and irrigation specialist. The communication was crucial, and everyone was kept in the loop. We especially appreciate that the timing of the driveway from removal to sealing was kept within the same week to minimize disruption.

We were also very pleased that on the last day the cleanup effort was like a military operation. All the excess dirt, sand and debris were taken away, and you even pressure washed the street so our neighbors wouldn't drive through the residue. We couldn't be happier with our selection of Superior Brick Paver Installations. We will recommend you to everyone we know and will be happy to pass your cards along to our friends and neighbors. Thank you for doing such a fantastic job. It's wonderful to meet someone who takes such pride in what they do. We wish you great success in the future.

Sincerely, Jim and Ruth Slagle - June 2010

Superior Brick Paver installed a new Driveway, Walkway and Entry Platform at front door. Then all the pavers were sealed. From the first meeting with Jennifer Falby, we knew we were going to hire Superior Brick Pavers. We were never rushed and Jennifer and Kent, both offered excellent suggestions in choosing our colors and the type of pavers to use. Kent and his crew showed up on time and finished the job the same day, as he promised. When all the work was completed, they cleaned up the area and you would never know they had been here. Kent and his crew were wonderful to work with and we would not hesitate to recommend Superior Brick to anyone. We are more than pleased with the quality and workmanship from Superior Brick Pavers.

Ron & Jan Fortin- Odessa, FL June 2010

Jennifer,

We had Superior Brick Paver put our pavers around our new pool and patio in Nov 09.

We were very pleased with the quality of work and the attention to detail that Kent and his crew showed. However, before writing you to let you know how pleased we were with the pavers, we wanted to walk on them and use them a couple of months first. They are great and we are very happy with the job. If, in the future we decide to do more pavers, Superior Brick Pavers will be who we will call. Thank you for a job well done.

Shirley & Larry Tyson, Tampa, FL May 2010

Superior installed a brick paver patio in our backyard. They incorporated the existing patio and extended it into the yard and around the back of the house. All we can say is "WOW", and that's the comment we receive from everyone as soon as they see the new paver patio. We can't believe it's the same yard it looks so beautiful. We had our doubts that it would be completed in 1 day but it was finished on time as promised and exceeded our expectations. The process was very professional, tidy and looked perfect when the crew left. It is great to hire a contractor who is very personable, shows up on time, and delivers a fantastic result. We can't wait to do the front porch also. Thanks so much to Kent and crew!

John Di Salvo, Tampa April 30, 2010

Hi Jennifer,

Just a little note to say thanks for the great job the guys did on my pavers! I don't know why I waited so long to get it done! Love them!

Beth Halfpenny, Land O'Lakes April 2010

New brick pavers were installed on our pool deck and two door pads. It also included sealing pavers and raising doors. Quote was provided promptly and we were able to view a large number of paver colors at their showroom. Installation went smoothly and the end product looks good.

William Scull, Lutz, FL 33548, March 15, 2010

SBP designed and installed a freeform paver patio off of our back porch. We have had a drainage problem in the past and SBP also installed a drainage system in the patio that fixed the past problem. Overall the project went very smooth and turned out a lot nicer than we thought it would.

Dan Gager, Tampa, FL 33618, February 24, 2010

Extended existing sidewalk to circular fire pit which they built. Approx. 400 sq. ft.

Perfect. I have had a lot of remodeling done and they are, without question, the best contractor I have ever used. Very professional and job clean up was perfect.

Harold Jorski, LUTZ FL 33548, February 23, 2010

Dear Jennifer and Kent,

We would like to thank you for the fantastic job done on our driveway and walkway. We are totally amazed at how awesome it turned out. Superior Brick Pavers definitely exceeded our expectations. Kent and his staff went above and beyond what was promised. We highly recommend this company to everyone. We are looking forward to working with you again when we are ready to do our pool area.

Tom and Bridget Sacher-Brown, December 2009

Dear Kent & Jennifer

We are so thankful to have run across your ad. Our pool deck, porch & driveway look great. I was amazed how fast you and your team worked. You have surely lived up to your company name, "Superior Pavers". Thank you so very much.

Ernest & Virginia Tampa, FL November 2009

I had the river rock pool deck, and had pavers installed and sealed to replace the river rock.

Kent and company called to set an appointment to give me an estimate for redoing my pool deck in pavers and sealing it after the pavers were installed. Kent, the owner came on time, was very professional and courteous, and answered any question I had to my satisfaction. I accepted their estimate and went to their office to pick out the pavers I wanted. Kent and Jennifer were helpful in picking out the color and layout I wanted. They had many to choose from and had many types and colors laid out in the back of the office. This was very helpful to me. I was also shown what the finished color and layout would look like on their computer. The next day the pavers were delivered and the job started. The job was completed in two days and is beautiful. The pavers were sealed the following week at a day and time that was convenient to me. I was very impressed by how the work progressed, as well as the cleanup that followed. This is a company that pays attention to detail. They are professional, neat and courteous and obviously know what they are doing. If I decide to have my driveway done at sometime in the future this is the only company I would use. Thank you for a job well done. It was worth every penny.

Ruthanne Baker- Holiday, FL 34691, November 12, 2009

Dear Kent and Jennifer,

I just wanted to send a note to tell you how pleased we were with your work. It looks beautiful. It was done quick, clean and professional. We will be in touch for our back deck when we are ready. Thanks again for the nice job, and we will be sure to pass your name around. Most Sincerely, Kim and Charles Maffei - October 2009 Jennifer, If anyone wants to see the awesome job that Kent and the crew do, just send them to Mainsail Suites Hotel and Conference Center to see the jobs Superior did on our commercial pool deck, restaurant patio, guest registration entry way and now the Porte Cache at the brand new conference center as well as the huge patio and terrace. It all looks so good!!!

Fred Nalls, Mainsail Suites Hotel & Conference Center, Tampa FL. - September 2009

Superior Brick Paver Installations, Inc. removed our existing parking lot and laneway and replaced it with brick pavers. The job is fabulous. Kent is extremely efficient and our 3,000 sq. ft. concrete parking lot was excavated and pavers were installed from start to finish all in 2-3 days, as Kent said he would be. Kent and the crew are very fast, meticulous and fully cleaned up when they were finished. I am extremely pleased with the job and am absolutely sure I made the right decision to work with Superior Brick Pavers. I recommend Superior Brick Paver Installations, Inc. to anyone who wants brick pavers. Sincerely, John Boyer – August 2009

We had three services from Superior Brick Pavers (SBP): Lanai resurfacing with overlay pavers atop preexisting surface, concrete driveway removal, prep and replacement of driveway and walkway with standard pavers AND sealing of all surfaces. From start to finish, overall great experience. I called and spoke with Jennifer in the office, and not knowing a lot about pavers, I was pleasantly surprised at her willingness to explain everything in detail. Kent called to set up an appointment to look at the property. He showed up on time on the day we wanted. He was courteous, informative, and very professional. We really got a sense immediately that he not only knew his stuff, but was also honest, which is a huge plus in any contracting business. He stayed at the property for about an hour, answering our questions, taking measurements, etc. We set up an appt. to meet with him at his workshop where he has about 8,000 sq. feet of various Paver surfaces all laid out, in sun and shade (nice to be able to see), in a huge variety of patterns, colors, and finishes. We had a good idea of what we wanted and Kent also made suggestions based on our home style, roof style and color scheme that really made the final choice POP when finished. We selected a pattern, color, etc and signed the contract that day (A Saturday AM, by the way, very convenient for "working" folks) with no down payment (a surprise). When the pavers came in, we were contacted by email (after an inquiry on my part about estimated start date...about 2 weeks after Paver selection) with info from Jennifer that Kent and crew would be on site 2 days later to start on the patio. The work was done efficiently, neatly and quickly. I was surprised at how it really came together so nicely and FAST. We ran into a problem with the weather, where it rained all day every day which threw off Kent's schedule, but we appreciated the fact that he didn't delve into the driveway project and leave us in a mess waiting for the rain to stop. He continually updated us on his plan, and was apologetic about the weather (something he can't control. of course, I think he appreciated that we didn't get angry with him for circumstances beyond his control as I am sure some clients might not be so tolerant. I've had a miserable driveway for nearly 10 years....another week made no difference to us) Once the weather cleared, they started bright and early Monday AM and had the driveway done (tear out, prep, and pavers down) in about 3 days. They left the property clean as they could, hauled away all trash, and his workers were courteous and timely. We anticipated that the sealing would take about 2 days, but they got it all done (again racing against the weather) in one day and it looks gorgeous! I just love the whole project. The only downside was the sand and dirt that landed in the pool (no surprise in retrospect) requiring a lot of cleaning. We are now enjoying our new lanai and driveway. This contracting service is fantastic. I would recommend to anyone. **Great communication, great service, and beautiful work all around.** Thank you so much!

JUDITH MCCAFFREY- Tampa, FL. June 01, 2009

We would like to thank Superior Brick Pavers, for transforming our pool and patio into an absolute area of beauty. The compliments that we have received from friends and neighbors have been overwhelming. We spend many hours relaxing in our back yard and with the addition of the pavers we now feel like we are doing it at a five star resort. Thanks again to all of you for your design input, prompt service, and professional staff. We would highly recommend your company to any one who would ask us.

Regards, Lester & Brenda McKinnon – April 19, 2009

Driveway and Walkway Paved and Sealed. We also had the pool deck cleaned and sealed. Excellent Service, Happy Customer. We highly recommend Superior Brick Pavers.
Steve Glassberg, April 2009

Jennifer, I want you to know that we are thrilled with our driveway. Your entire company was a joy to work with. I was amazed at how quickly and beautifully the job was done. It has totally changed the look of our home. We have been very quick to compliment and spread the word about Superior Brick Pavers. Thank you again.

Sincerely, Amanda Adcock, February 2009

You people install brick pavers better than the rest! Your work is Outstanding.
February 08, 2009 by Freedom Motorcycle Rentals

Superior Pavers is nothing but first class

"If anyone is considering pavers especially a driveway, Kent and the team at Superior Pavers are the best. They followed through on every promise and commitment made, a true first class company. We will be using them again in the future to apply pavers to our pool area." Chris Frost of Lutz, FL on Nov. 06, 2008

Google reviews

Driveway and pool deck look absolutely amazing, it looks like **brick** artwork. Kent definitely knows his work and is there for every step of the job! Thanks again for a job well done.

Richard, October 8, 2008

Thank you for a job well done. All of our neighbors love our driveway too, so you'll like be back in our "hood".

Gil Swalls, September 2008

I called the office and spoke with Jennifer who was very helpful and quite knowledgeable. Other companies I called, either I got an answering machine or the person answering the phone was not able to provide much information. Jennifer took all of my information and said that Kent would call me directly within 1-2 days to set the appointment. Kent is the owner who performs the estimates and oversees all jobs. I thought it would take a long time to hear back, but he called me the next day. Kent is very experienced and is straight forward with what needed to be done. They are not the cheapest and not the most expensive but I definitely got more than my moneys worth. Kent and his crew work hard and with the utmost professionalism. Their showroom was extremely helpful for the selection of my pavers. They have almost every color and shape you could want. My patio was installed, cleaned up and ready to use in less than 1 day. It is beautiful and I will recommend Superior Brick Pavers to everyone.

Thank you for a job well done. Barbara, Tampa – September 2008

When we decided to have a circular Paver driveway installed, we interviewed at least half-dozen contractors. As we went through the bidding process, there was always something that just "wasn't quite right," such as personality, price, experience, and so on. We were on the verge of settling on one of them until we came across Superior Brick Pavers. We met with the owner, Kent, and knew almost immediately we'd found who we were looking for. The entire installation process was incredibly smooth and we could not be happier with the outcome. The driveway is gorgeous. We've had person after person stop and tell us how great it looks.

Thank You! Sincerely, Cary & Debi Williams – Tampa, Aug. 2008

Kent & Jennifer,

THANK YOU so much for all your assistance in planning our new walkway and for the workmanship of your staff installing it. It certainly does enhance the exterior of our home, and I will be sure to recommend your company to all who want this type of work done. Many of our neighbors have stopped by to compliment the design and work.

Sincerely, P. Papadopoulos – August 2008

Jennifer,

I am happy to be a reference for Superior Brick Pavers and appreciate the timely and quality work done by Kent, Milson and the entire crew. Superior Brick remained flexible in scheduling our job to allow for completion of pool renovations. When I notified Superior that the renovations were complete, Kent scheduled the paving work in a timely manner, showed up when scheduled, and completed the project on time and with beautiful workmanship. When I had a minor problem with drainage afterwards, Milson returned within a few days to correct the problem. Again, thank you for your quality work.

Woody and Janie Wilson, W. Davis Blvd. Tampa, Fl. June, 2008

Dear Jennifer & Kent,

Thank you for the great work you did on our porch. It looks great!

All the best, Sabina & Jim, November 2007

Thanks,

The driveway looks beautiful. Also, thank you for taking care of the grass & sprinkler system.

Rona Hellman – June 2007

Kent,

The guys did an excellent job! Thank you – I'll send referrals to you. It will be a few months before I get ready to seal the pavers.

Sincerely, Mary F. January 2007

We love our pavers.

They've given our home a whole new updated look. Kent, Jennifer & the Superior Brick Paver team were great to work with. They are one company that definitely under promises & over delivers!

George & Deb Thomas, November 2006

Just wanted to let you know how pleased we are with our pool deck, front porch & walkway! Your crew put in a very long day - 7:30am- 9pm & their craftsmanship was truly utilized. Carol Lee Banks August 2006

Kent,

I enjoyed working with you. The deck **LOOKS** great. **THANKS** for your help. I will certainly recommend you to my friends. Thanks a lot & Good Luck! Sincerely Jim B, Lutz July 2006

Jennifer:

The work is fabulous. It is beyond what we had imagined. Especially, the front walk where the guys ran a circle of the pavers around a plant and sloped mortar inside it, so the rain flows into the plant. All of the cuts are fantastic.

Needless to say, I'm mailing the check today, and passing the word in the neighborhood about your work.

Larry and Karen Sullivan July 2006
