

Superior Brick Paver Installations, Inc. Supports National Child Abuse Awareness Month.

By Jennifer Falby

Dated: Apr 22, 2009

Superior Brick Paver Installations, Inc. supports National Child Abuse Awareness Month, a time to raise awareness about children who are physically, mentally and sexually abused. We all can play a part in strengthening families.

Superior Brick Paver Installations, Inc. is helping to generate awareness throughout the month of April by sponsoring radio spots April 27th, 28th and 29th between 8am–9am on Newstalk 820 WWBA, Tampa Bay, St. Pete, Clearwater.

This month and throughout the year, Superior Brick Paver Installations, Inc. encourages individuals, organizations and communities to play a role in making Tampa Bay a better place for families. By ensuring that parents have the knowledge, skills, and resources they need to care for their children, we can help prevent child abuse and neglect by strengthening families and communities.

Research shows that five important factors are present in healthy families. Promoting these factors is among the most effective ways to reduce the risk of child abuse and neglect. They are:

- Nurturing and attachment
- Knowledge of parenting and of child and youth development
- Parental resilience
- Social connections
- Concrete supports for parents

“April is a time to celebrate the important role that communities play in protecting children,” said Jennifer Falby, Vice President of Superior Brick Paver Installations, Inc. “Everyone’s participation is critical. Focusing on ways to promote the five protective factors, in every interaction with families, is the best thing our community can do to strengthen families and prevent child abuse and neglect. To learn how you can help create awareness in protecting children and families, visit www.childwelfare.gov.
